PROFESSIONAL SUMMARY

Systems Analyst and Developer with a technical background and practical experience in developing web solutions and digital systems. I work across the full stack, utilizing modern technologies for front-end, back-end, databases, APIs, and service integration. As an entrepreneur, I develop and manage my own projects, handling the entire development lifecycle—from requirements analysis and architecture to implementation, testing, and deployment. I possess an analytical, self-taught, and results-oriented mindset, with strong problem-solving skills and an ongoing interest in software engineering, security, and technological innovation.

TECHNICAL SKILLS

- HTML5, CSS3 e JavaScript
- Python
- Programming logic
- Databases (SQL)
- MongoDB/supabase/aws
- Implementation of testing environments (sandbox/staging) for - validating features before deployment to production.
- Automated email systems (in-system forms with automated emails)
- Render, Vercel, Github e VPS (deployment)
- Payment gateways (Pix and credit cards)
- Firestore - Firebase
- Git and GitHub
- Microservices
- Web development (Front-end and Back-end)
- System and application developments
- Basic knowledge of UI/UX and digital design
- Proficiency in Word and Excel
- Advanced knowledge of business management.

PROJECTS AND PORTFÓLIO

- Development of web systems with user authentication
 - Responsive front-end applications
 - Academic and personal projects focused on solving real-world problems
 - Applications developed for competitions and tech challenges
- All projects are available at: <https://ytallo-portfolio.tech>

EXPERIENCES AND ACTIVITIES

Sole Proprietor – MEI

Focused on developing digital solutions, proprietary projects, and web systems, with an emphasis on functional and scalable applications.

National App Olympiad – 2024

App

development; advanced to the second stage of the competition.

Robotics and Physics – ETE Ginásio Pernambucano

ACADEMIC BACKGROUND

ETE Ginásio Pernambucano

Technical Diploma in Systems Development – Completed (2025)

Associate Degree in Systems Analysis and Development (in progress)

COURSES AND CERTIFICATIONS

- Front-end Immersion – Alura
- Front-end Immersion (2nd Edition) – Alura
- React Dev
- Dev Immersion with Google Gemini – Alura
- HTML and CSS: Development Environments – Alura
- Data with Python – Alura
- Solve for Tomorrow – Samsung (2024)
- Entrepreneurship – JA Pernambuco Mini-Company (2024)
- Cybersecurity Course – DIO + Riachuelo
- Digital Literacy – SENAI
- 8th ONDA (App Olympiad)
- 18th Brazilian Rocket Exhibition – MOBFOG + OBA
- 27th Brazilian Astronomy and Astronautics Olympiad – S.A.B + OBA
- Robotics Teaching Assistant (Volunteer/Scholarship) – 3 Years – ETE Ginásio Pernambuco
- Web3 Week (6th Edition) – Luiz Tools
